The Cheese and the Worms is a ground breaking exposé into the field of microhistory and remains a foundational work for historians today. Ginzberg used the story of Menocchio, a sixteenth century miller who was twice prosecuted and ultimately condemned by the inquisition for holding and preaching egregiously heretical beliefs.

'unsung' lives that most histories forget.

~~The Cheese and the Worms — Dreamflesh~~

The Cheese and the Worms differs slightly from the original Einaudi edition published in 1976. New are a second preface especially written for this version, the insertion of a date in the first page of the text, and the reply to a critic at pp. 154-SSn. No systematic attempt has been made to bring the references up to date.
