book, grounded in practice and experience and including case studies drawn from real-life practice. It is rooted in the real world, normalizing the insecurities felt by many coaches and acknowledging the realities of building a coaching business, while addressing the everyday issues that can hinder a coach's performance or confidence. Kim covers issues such as: - Dealing with Impostor Syndrome - Establishing credibility - Contracting and boundaries - Coaching dilemmas - Building your coaching business - Self-care for coaches This new book is intended to be a survival guide so that coaches can access instant support for dilemmas that occur in their coaching practice. "Reading this book was like spending time with a close friend; a combination of

case studies, but *Clinical Epiphanies in Marital and Family Therapy* offers more than the chance to second-guess a single therapist ' s handling of explosive moments. Each case study is also discussed by two other therapists representing divergent points of view. This point-counterpoint structure allows readers to analyze the effectiveness of different therapeutic approaches and to recognize that in practice, heterogeneous orientations may result in similar strategies. *Clinical Epiphanies in Marital and Family Therapy* demonstrates the factors that contribute to doing successful therapy, including: ensuring that clients feel they are being treated with respect establishing a sound therapeutic relationship making

successful treatment bargains moving away from your therapeutic agenda when necessary being persistent in the face of a stubborn refusal to change Clinical Epiphanies in Marital and Family Therapy offers fresh strategies for experienced practitioners, beginning therapists, and educators in the field of mental health.

A New York Times Notable Book and Providence Journal Best Book of the Year From the incomparable Peter Ackroyd: a brilliant re-imagination of the classic tale that has enthralled readers for nearly two centuries. Victor Frankenstein, a researcher, and the poet Percy Bysshe Shelley form an unlikely friendship as first-years at Oxford. Shelley challenges the

Acces PDF The Coachs Casebook Mastering The Twelve Traits That Trap Us

conventionally religious Frankenstein to consider his atheistic notions of creation and life—concepts that become an obsession for the young scientist. As Victor begins conducting anatomical experiments to reanimate the dead, he at first uses corpses supplied by the coroner. But these specimens prove imperfect for Victor ' s purposes... Filled with the literary lights of the day, including Percy Shelley, Godwin, Lord Byron, and Mary Shelley herself, and penned in period-perfect voice, *The Casebook of Victor Frankenstein* is sure to become a classic of the twenty-first century.

Mastering The Twelve Traits That Trap Us

This textbook is designed for use in upper-level law school courses. It reflects the belief that the most effective teaching materials for students beyond the first year of law school are centered on problems of the kind that lawyers face in practice. Other features of the book include:

- **Clear Narrative Text.** The chapters in *Advanced Tort Law: A Problem Approach* focus on five intriguing subjects which normally receive little attention in basic torts courses: misrepresentation, defamation, invasion of privacy, tortious interference, and injurious falsehood. In each chapter, the law is laid out in a clear narrative format, which quotes liberally from pertinent court opinions, statutes, and other sources. Because upper-level law students are already

Acces PDF The Coachs Casebook Mastering The Twelve Traits That Trap Us

well acquainted with the American litigation process, each topic focuses primarily on operative rules and policies, and their application to particular fact situations. The text minimizes the procedural complexities of cases that have already been decided.

- **Fifty-Six Discussion Problems.** The main instructional feature of *Advanced Tort Law: A Problem Approach* is the fifty-six discussion problems. Roughly every eight to ten pages, there is a problem for students to prepare in advance of class. A good answer requires a confident grasp of the rules, concepts, and principles addressed in the text or in basic law school courses. The problems, which test whether students have learned the assigned material, are designed to

Acces PDF The Coachs Casebook Mastering The Twelve Traits That Trap Us

form the basis for classroom discussions. If a class meets twice a week over the course of a typical law school semester, each reading assignment is likely to include about fifteen to twenty pages of reading material and two discussion problems. Other advanced torts books have few or no discussion problems, or contain discussion problems only in some chapters. Advanced Tort Law: A Problem Approach is the only textbook that uses discussion problems as the principal teaching device for every topic in the book. • Preparation for Practicing Law in the 21st Century. Many of the problems in Advanced Tort Law: A Problem Approach are based on actual cases or stories in the news. With rare exceptions, the names have been

Acces PDF The Coachs Casebook

Mastering The Twelve Traits That Trap Us

changed. The facts in the problems often diverge from those which gave rise to the underlying disputes in order to raise questions important to the course. The discussion problems challenge students to explore how the law applies to the kinds of facts they will encounter in twenty-first century law practice. There is an abundance of citations to cases decided since 2000. The hypothetical scenarios are designed to help users of the book develop the problem-solving skills that effective lawyers need today. • Cutting-Edge Legal Issues in the Digital Age. Although the torts discussed in this book are ancient in origin, they are often on the front lines of litigation in the Digital Age. There are abundant references to issues raised by recent

Acces PDF The Coachs Casebook Mastering The Twelve Traits That Trap Us

communications technology developments, including blogging, texting, and social networking. The book addresses numerous practical questions that Americans confront in contemporary life, such as the liability issues that arise from anonymous postings on the Internet or from corporate press releases designed to mislead investors.
