1. government by the people; a form of government in which the supreme power is vested in the people and exercised directly by them or by their elected agents under a free electoral system. 2. a state having such a form of government. 3. a state of society characterized by formal equality of rights and privileges.

Democratic system - definition of Democratic system by The ...

Cosmopolitan democracy, also known as Global democracy or World Federalism, is a political system in which democracy is implemented on a global scale, either directly or through representatives. An important justification for this kind of system is that the decisions made in national or regional democracies often affect people outside the constituency who, by definition, cannot vote.

Democracy - Wikipedia

Democracy is a system of government in which laws, policies, leadership, and major undertakings of a state or other polity are directly or indirectly decided by the “people,” a group historically constituted by only a minority of the population (e.g., all free adult males in ancient Athens or all sufficiently propertied adult males in 19th-century Britain) but generally understood since the mid-20th century to include all (or nearly all) adult citizens.

democracy | History, Development, Systems, Theory ...

A democracy is a country where the people choose their government. In the UK there are too many people to ask and too many decisions to take, therefore representatives are elected to make decisions.

Politics of the United States - Wikipedia

The Democratic System Of Greeks. This system was designed around the social, political, and cultural customs that created what people believed were just laws. Leaders led over groups of people (ex. Athens, Spartans, ect) rather than states. People bonded through parallel successes, wealth statures, and struggles felt.

Democratic System Initiated by Greeks by Sateyai Miles

Democracy is a system of governance where the citizens of a country exercise power directly or through elected representatives who form a governing body. There are four main elements in a democracy: Political system where the government is selected and replaced through fair and free elections

Difference Between Democratic and Non-Democratic ...

The United States of America is governed as a federal republic, and therefore some argue that the U.S. is not a democracy. A republic is defined as a political system in which the supreme power is vested upon the citizenry that is entitled to vote for its representatives and officers responsible to them, while a democracy is defined as a government of the people and by the people exercised through elected or direct representative.

Is the United States a Republic or a Democracy? - WorldAtlas

Although any democratic system may potentially suffer from a democratic deficit, the concept is most often used in the context of supranational institutions, the European Union (EU) in particular. The most popular criticism of the EU's levels of democracy refers to the dispossession of national institutions that is not sufficiently compensated for at the EU level.

Democratic deficit | political science | Britannica

Democratic leadership, also known as participative leadership or shared leadership, is a type of leadership style in which members of the group take a more participative role in the decision-making process. 1 ? This type of leadership can apply to any organization, from private businesses to schools to government.
