The Lemming Dilemma Living with Purpose, Leading with Vision. This volume introduces the crucial organizational learning discipline of personal mastery—the ongoing process of discovering what you really care about and working with resolve to achieve it. In this engaging story, Emmy the lemming wakes up to her own purpose and vision, and defies the age-old urge to follow others off the cliff. Through her own surprising choices, she inspires the other lemmings to pursue their deepest aims and visions, both individually and collectively. In this simply told story are profound lessons about what it means to be the leader of your own life and to share your vision with others. Includes questions for reflection and group discussion.

The action-based guide to powerful, influential organizational storytelling Circle of the 9 Muses captures the best practices of the world's most influential story consultants and knowledge workers to help you find, tell, and draw value from your organizational stories as impetus for action. This rich toolbox is loaded with fun, graphical instructions and dozens of unique, replicable, and facilitated processes that require no special training or expertise. You'll discover your organization's hidden narrative assets, use different templates and frameworks to tell the stories of your past, present, and future and then draw team members into rich meaning-making dialogue that translates into action. These activities can be exercised in endless permutations, and expert advice steers you toward the right activity for a specific purpose, including managing change, setting strategy, onboarding, defining the brand, engaging supporters or customers, merging cultures, building trust, and much more. Organizational storytelling is a powerful managerial tool and an essential change management technique. This is about your influence as a leader. Knowing the right story to tell and how to deliver it effectively gives you and your organization enormous influence, and helps connect employees to strategy by providing understanding, belief, and motivation in their personal contribution. This book is the ultimate field guide to becoming an influential storyteller, with concrete, actionable guidance toward all the storytelling fundamentals. Identify your organization's "narrative assets" Craft an elegant, well-constructed organizational story Capture, bank, and share stories with extraordinary engagement Facilitate a dialogue to draw out meaning and induce change The growing interest surrounding organizational storytelling has many change agents focused on "trying to tell better stories," but goals are useless without a plan of action. Circle of the 9 Muses helps you weave narrative wisdom into organizational development activities, engaging employees and driving change.

Outlearning the Wolves 3rd Edition: Surviving and Thriving in a Learning Organization Robert Fritz calls this fable a true classic that demonstrates how "a good story can be one of the best sources of profound change." Now available in 11 languages; the book continues to find new audiences and win the hearts of those who embrace its lessons. Yet; it's fair to say that the central message of this deceptively simple tale is almost as radical today as it was when Pegasus first published it 10 years ago. As Fritz observes; it is still the rare organization that appreciates the insight that the sheep in the story discover: Individual learning; good as it is; does not necessarily translate into organizational learning. The learning must become collective." That's why this book continues to be such an important resource for innovators determined to confront the wolves of complacency in their organizations by stimulating people's natural desire to creatively improve their results together.

Listening to the Volcano Conversations That Open Our Minds to New Possibilities. Rumbly from a long dormant volcano provoke a crisis in the village of Smoldering Pines. Desperate to escape the flow of molten lava; the inhabitants meet to create a plan—and are soon at each other's throats! But led by Milo; a group of neighbors discover a new way of talking and listening that taps fresh sources of creativity and unleashes the magic of collective thinking. While everyone knows how to engage in conversation; few of us practice the kind of meaningful dialogue that is crucial to leveraging an organization's best thinking. Listening to the Volcano offers an engaging introduction to conversation as a disciplined workplace practice for sparking generative thinking; improving decision-making; and creating effective action. The fable features hilarious (and thought-provoking) plot lines and character illustrations and concludes with a group discussion guide to help you apply the ideas from the story to issues you face in your own organization. Site license discounts are available.

A group of enterprising penguins with a yen for juicy clams teams up with some walrus colleagues to harvest a seemingly endless supply for all. The good news attracts penguins and walruses from icebergs far and wide who join in the work and the delectation. But on the way to establishing a clam lovers' paradise; territorial skirmishes arise; clumsy walruses flatten penguins; and confusion reigns. Can the penguins discover the hidden connections that have turned spiraling success into frustration and social upheaval? Only when they learn to see what is invisible are they able to stop their paradise from unraveling and take steps to create sustainable prosperity. The Tip of the Iceberg vividly illustrates how organizations can be trapped by systems when they fail to understand them. The story and discussion guide will help managers sort through the complexity of surface-level events and discover how to take effective actions that create the results they desire.

This New York Times—bestselling exploration of the Arctic, a National Book Award winner, is "one of the finest books ever written about the far North" (Publishers Weekly). "The nation's premier nature writer" travels to a landscape at once barren and beautiful, perilous and alluring, austere yet teeming with vibrant life, and shot through with human history (San Francisco Chronicle). The Arctic has for centuries been a destination for the most ambitious explorers—a place of dreams, fears, and awe-inspiring spectacle. This "dazzling" account by the author of *Of Wolves and Men* takes readers on a breathtaking journey into the heart of one of the world's last frontiers (The New York Times). Based on Barry Lopez's years spent traveling the Arctic regions in the company of Eskimo hunting parties and scientific expeditions

alike, Arctic Dreams investigates the unique terrain of the human mind, thrown into relief against the vastness of the tundra and the frozen ocean. Eye-opening and profoundly moving, it is a magnificent appreciation of how wilderness challenges and inspires us. Renowned environmentalist and author of Desert Solitaire Edward Abbey has called Arctic Dreams “a splendid book . . . by a man who is both a first-rate writer and an uncompromising defender of the wild country and its native inhabitants”—and the New Yorker hails it as a “landmark” work of travel writing. A vivid, thoughtful, and atmospheric read, it has earned multiple prizes, including the National Book Award, the Christopher Medal, the Oregon Book Award, and a nomination for the National Book Critics Circle Award. This ebook features an illustrated biography of Barry Lopez including rare images and never-before-seen documents from the author’s personal collection.

This book includes real-life examples from over 70 respected organizations, small and large, representing a multitude of industries using stories to drive results. Leaders from organizations such as Microsoft, Lands’ End, Verizon, U.S. Air Force, and World Vision demonstrate the strong positive influence stories can have. No abstract theories or platitudes are conveyed here. The book spells out how Kevin Roberts, CEO worldwide of Saatchi & Saatchi, achieved sustained sales growth after several mergers and downsizings caused the organization to fall on hard times. It also shows how Erik Shaw, president and CEO of FivePoint Federal Credit Union, overcame resistance to an organizational name change, resulting in membership growth exceeding the national average.

Don't venture into the consulting field without this essential Fieldbook & Companion!
