We fantasize about starting our own business, but we're told this will mean going deeply into debt, spending years working eighty hours a week, and coping with the relentless pressure to grow. on maintaining a laser focus on what is absolutely essential to you. It's defined by your priorities and intentions, not by how many employees you have. As a young mother with a newborn child, what mattered to Rowe when starting Eco-Bags Products was having a flexible schedule, time for her family (one of her mantras was "Never miss a school play"), time for herself, and financial security and doing something that made the world a better place. Lacking an angel investor and starting from scratch, with limited capital or business experience, Rowe created a company that enabled her to achieve all those goals. Using the story of Eco-Bags Products as a case study, Rowe takes you step-by-step through the process of creating a successful tiny business. She shows how to test your concept, convey your values, prepare for upturns and downturns, manage your money, create alliances, and more, always staying true to the "tiny" ethos. You'll learn how to grow sustainably, practice patience, and be consistent and persistent with what you stand for. Featuring cartoons and illustrations by New Yorker cartoonist Julian Rowe, *The Magic of Tiny Business* is a breath of fresh air for business owners and entrepreneurs who want the freedom and autonomy of owning their own business without compromising their personal values"--

I loved it! Very inspiring, motivating & readable. A truly magical book that reminded me of Wayne Dyer when we first began working together - I felt a very similar energy. -Joanna Pylee (Dr. Wayne Dyer's book editor for over 30 years) Are you interested in living your dreams? Longing for a transformation in your life? Would you like to understand your soul's purpose? Do you have a burning desire to reach your full potential and contribute more meaningfully in the world? If you are ready to master your mind and access the freedom needed to achieve your truest wishes, then, it may be time for the *Tiny Book of Magic*. In this motivational book, combining magic, strength, wisdom and simplicity into an inspiring tale of self-discovery, Joshua Dawson reveals how to effectively make the shift from ordinary to ExtraOrdinary living - a life filled with purpose, compassion, impact, and love. Diving deep, you are gently helped with: * The daily tools and tactics needed to fulfill your wishes without sacrificing yourself in the process * How to transform your problems, hardships and challenges into your biggest opportunities that will propel you into the magic zone * How to make life count and flow with ease by focusing on what truly matters * How to attract everything you'll ever need to be happy * How magic is disguised by a thin veil of culturally and historically created illusions * How to express your most perfect and powerful dreams to the world (that make buying into your vision an obvious no-brainer) * How to apply spiritual solutions in any area of your life - From business to family and everything in between. The *Tiny Book of Magic* begins with a mystical story of how the untimely death of Joshua's father released a quest to understand the depth of life, awakening a dormant spirit. A quest leading him from the day to day business grind to travelling around the world dressed as a Blue Genie granting wishes for people in need. Revealing riches far different-and far more satisfying-than he ever imagined. During his travels granting wishes and sharing the stage with names that include Eckhart Tolle, Dr. Wayne Dyer, Deepak Chopra, Marianne Williamson, and Jack Canfield, Joshua came to remember that fulfilling all your deepest desires is much closer than you think. This transformational guide teaches us about the essential wisdom of listening to our hearts, and, most importantly, of expressing our true

Logan is a sad little boy who is bullied at school by thoughtless unfeeling children who like to make fun of him. His life is already a sad one because of circumstances beyond his control out of which initially he can see no escape. At home, following his attempt to put these unpleasant episodes behind him, an annoying noise disturbs his Saturday in front of the television - his only enjoyable time of escape from the daily sadness he experiences. Scouring the house to find the source, the unexpected inevitably takes him away from the humdrum existence he leads, into a world that is so vibrantly different from his own. What will he find in this place? Why has he been brought here, and will he ever return to his normal life?
