Topgrading is the act of filling every position in the organization with an A player, at the appropriate compensation level. An A player is one who qualifies among the top 10 percent of those available for a position. Topgrading turns the traditional selection process on its head and, thus, should not be confused with upgrading.

Topgrading is a corporate hiring and interviewing methodology that is intended to identify preferred candidates for a particular position. In the methodology, prospective employees undergo a 12-step process that includes extensive interviews, the creation of detailed job scorecards, research into job history, coaching, and more. After being interviewed and reference-checked, job candidates are grouped into one of three categories: A Players, B Players, or C Players. A Players have the most poten

"Topgrading" is defined as achieving teams of almost all A players: those in the top 10 percent of talent available for the pay. In 1999, Brad Smart published the first edition of Topgrading to offer organizations the best techniques for hiring 90 percent A players, promoting 90 percent A players and having 90 percent A players in management. Now, Smart has updated his original book to include more success stories of companies that have been able to produce talented teams using his ...

A resource on how to recruit and retain talented employees draws on the philosophies of the co-author's original work, Topgrading, to present quick-read recommendations for sales managers, in a guide that covers such topics as interviewing productively, bringing out the best in moderate sales reps, and eliminating poor performers. 25,000 first printing.

Advises managers on successful techniques for conducting employment interviews and checking references

A manager's guide to hiring the right employees introduces the practical and effective A Method for Hiring, which draws on the expertise of hundreds of high-level executives to present a simple, easy-to-follow program to guarantee hiring success. 50,000 first printing.

The author of The Great Game of Business explains why employee ownership of a company is an essential part of a successful business strategy, offering advice on employee motivation, governing growth, and diversity. Reprint.

Two of the nation's most successful corporate leadership consultants now reveal their proven, systematic program for using the power of "high-integrity" politics to achieve career success,

Access Free Topgrading How Leading Companies Win By Hiring Coaching And Keeping The Best People

maximize team impact, and protect the company's reputation and bottom line. Each day in business, a corporate version of "survival of the fittest" is played out. Power plays, turf battles, deceptions, and sabotages block individuals' career progress and threaten companies' resources and results. In *Survival of the Savvy*, Rick Brandon and Marty Seldman provide ethical but street-smart strategies for navigating corporate politics to gain "impact with integrity," helping readers to:

- Identify political styles at work through the Style Strengths Finder, and avoid being under or overly political
- Discover the corporate "buzz" on you, and manage the corporate "airwaves"
- Decipher unwritten company rules and protect yourself from sabotage and hidden agendas
- Build key networks to promote yourself and your ideas with integrity
- Learn to detect deception and filter misleading information
- Increase your team's organizational savvy, influence, and impact
- Gauge the political health of the company and forge a high-integrity political culture

In addition, *Survival of the Savvy* helps individuals discover and overcome their own political blind spots and vulnerabilities. They learn step-by-step methods to avoid being underestimated or denied full recognition for their achievements. It shows them how to put forward their ideas and advance their careers in an ethical manner, with a high level of political awareness and skill. After reading this book, you will never have to say, "I didn't see it coming." Organizational savvy is a mission-critical competency for the complete leader. This timely and timeless book provides cutting-edge strategies and skills for surviving and thriving as you build individual and company success.

Growing an Entrepreneurial Business: Concepts and Cases is a textbook designed for courses that focus on managing small to medium sized enterprises. It focuses on the major

Access Free Topgrading How Leading Companies Win By Hiring Coaching And Keeping The Best People

management challenges that successful start-ups encounter when leaders decide to grow and scale their businesses. The book is divided into two parts—text and cases—to provide professors with maximum flexibility in organizing their courses. The thirty-five cases can be used in conjunction with the text, or independently. Twelve cases are written as narratives with multiple teaching points, but without a focus on a particular business decision; the remaining twenty-three cases were written around specific conundrums related to strategy, operations, finance, marketing, leadership, culture, human resources, organizational design, business model, and growth. Discussion questions are provided for each case. The text portion of the book discusses key issues derived from the author's research and consulting, and is meant to complement the case method of teaching, raising issues for conversation. In addition to the real-world knowledge that students will derive from the cases, readers will take away research-based templates and models that they can use in developing or consulting with small businesses.
