Tudor O. Bompa, PhD, revolutionized Western training methods when he introduced his groundbreaking theory of periodization in his native Romania in 1963. After adopting his training system, the Eastern Bloc countries dominated international sports through the 1970s and 1980s.

Periodization: Theory and Methodology of Training: Amazon ...

Tudor O. Bompa revolutionised western training methods when he introduced his groundbreaking theory of periodization in Romania in 1963. He then applied his principle of periodisation to bodybuilding. He has personally trained 11 Olympic medalists (including four gold medalists) and has served as a consultant to coaches and athletes worldwide.

Periodization Training for Sports: Amazon.co.uk: Tudor O ...

Tudor Bompa is a pioneer. That rare breed of trainer/programmer that's not only coached - but has himself been a high caliber athlete. His work is groundbreaking and I'm always surprised it's not more mainstream and well known. This man refined and developed some of the most powerful strength training methodologies used today (like periodization).

Tudor Bompa - Wikipedia

Periodization is the systematic planning of athletic or physical training. The aim is to reach the best possible performance in the most important competition of the year. It involves progressive cycling of various aspects of a training program during a specific period. Conditioning programs can use periodization to break up the training program into the off-season, preseason, inseason, and the postseason. Periodization divides the year round condition program into phases of training which focus
