The author weaves pearls of wisdom from Warren Buffet into an engaging narrative, organized into business and management topics, in a book that provides direct hands-on information for entrepreneurs, business students and more.

In Warren Buffett: Inside the Ultimate Money Mind, Hagstrom breaks new ground with a deep analysis of Buffett's essential wisdom, an intricate mosaic of wide-ranging ideas and insights that Buffett calls a Money Mind. What exactly is a Money Mind? At one level, it's a way of thinking about major financial issues such as capital allocation. At another level, it summarizes an overall mindset for successfully investing in today's fast-paced stock market, a mindset that depends on a commitment to learning, adapting, and facing down irrelevant noise. This is not a method book. It is a thinking book. Warren Buffett: Inside the Ultimate Money Mind explains the philosophies of self-reliance, stoicism, rationalism, and pragmatism and their contributions to making intelligent investment decisions. It also outlines the evolution of value investing, discusses how to develop a business-driven investing mindset, and describes the defining traits of successful active management. Lastly, it examines the surprising aspects of a Money Mind – sportsman, teacher, and artist. In short, Warren Buffett: Inside the Ultimate Money Mind helps readers understand the building blocks that go into making a Money Mind so they can begin to incorporate its principles in the service to a life of value. Among our greatest leaders are those driven by impulses they cannot completely control - by lust. Lust is not, however, an abstraction, it has definition. Definition that, given the impact of leaders who lust, is essential to extract. This book identifies six types of lust with which leaders are linked: 1. Power: the ceaseless craving to control. 2. Money: the limitless desire to accrue great wealth. 3. Sex: the constant hunt for sexual gratification. 4. Success: the unstoppable need to achieve. 5. Legitimacy: the tireless claim to identity and equity. 6. Legacy: the endless quest to leave a permanent imprint. Each of the core chapters focuses on different lusts and features a cast of characters who bring lust to life. In the real world leaders who lust can and often do have an enduring impact. This book therefore is counterintuitive - it focuses not on moderation, but on immoderation.
