It´s not easy being Mikey Elsinger and Margalo Epps in ninth grade. It seems like things are changing. Now some people want to sit at the same lunch table with them, and some even ask them for advice. What are the two friends to make of this strange behavior? Frankly all the attention cuts into the little time they have together and distracts attention from their own interests, like tennis and drama, and their own problems, like cheating in tennis and things not going the way Margalo plans they will in drama. In the opinion of these two bad girls, ninth grade can´t end fast enough! But no matter how bad things get, one thing´s for sure: They´ll have each other. The final book in the acclaimed Bad Girls series, Bad Girls, Bad Girls, Whatcha Gonna Do? is another funny, insightful, and realistic novel from Newbery Medal winner Cynthia Voigt.

In this YA contemporary romance from author Laurie Devore, there's only one rule: Keep your enemies close and your friends closer. Olivia Clayton has mastered the art of tearing others down to stay on top. She and her best friend, Adrienne, rule their small southern town like all good mean girls do—through intimidation and manipulation. Until Olivia suffers a family tragedy and catches Adrienne sleeping with her boyfriend. Olivia decides to make a change, but it's impossible to resist taking down Adrienne one last time. Up to her old tricks, Olivia convinces golden boy Whit Du Rant to be her SAT tutor and her fake boyfriend. But when it starts to feel real, Whit gets caught up in Olivia and Adrienne´s war. Olivia may ruin everything she touches, but she won't go down without a fight—not if it means losing Whit. And definitely not if it means losing what's left of herself. Experience is making a comeback. Learn how to repurpose your wisdom. At age 52, after selling the company he founded and ran as CEO for 24 years, rebel boutique hotelier Chip Conley was looking at an open horizon in midlife. Then he received a call from the young founders of Airbnb, asking him to help grow their disruptive start-up into a global hospitality giant. He had the industry experience, but Conley was lacking in the digital fluency of his 20-something colleagues. He didn't write code, or have an Uber or Lyft app on his phone, was twice the age of the average Airbnb employee, and would be reporting to a CEO young enough to be his son. Conley quickly discovered that while he'd been hired as a teacher and mentor, he was also in many ways a student and intern. What emerged is the secret to thriving as a mid-life worker: learning to marry wisdom and experience with curiosity, a beginner's mind, and a willingness to evolve, all hallmarks of the "Modern Elder." In a world that venerates the new, bright, and shiny, many of us are left feeling invisible, undervalued, and threatened by the "digital natives" nipping at our heels. But Conley argues that experience is on the brink of a comeback. Because at a time when power is shifting younger, companies are finally waking up to the value of the humility, emotional intelligence, and wisdom that come with age. And while digital skills might have only the shelf life of the latest fad or gadget, the human skills that mid-career workers possess--like good judgment, specialized knowledge, and the ability to collaborate and coach - never expire. Part manifesto and part playbook, Wisdom@Work ignites an urgent conversation about ageism in the workplace, calling on us to treat age as we would other type of diversity. In the process, Conley liberates the term "elder" from the stigma of "elderly," and inspires us to embrace wisdom as a path to growing whole, not old. Whether you've been forced to make a mid-career change, are choosing to work past retirement age, or are struggling to keep up with the millennials rising up the ranks, Wisdom@Work will help you write your next chapter.
